### **Description of the beer:**

Slaapmutske Flemish Old Style Sour Kriek is a top-fermentated traditional 'old style red-brown' Kriek of 5% ABV. This beer is the result of traditional yeast fermentation, fermentation with Brettanomyces and blending with pure Kriek juice. This results in a uncoloured pure redbrown Kriekbeer, with an original and refreshing sour touch. There is also a touch of wood in the aftertaste coming from the wood infusion during the lagering.
